- (a) Only 1, 2, and 3 are true
(b) Only 1 and 4 are true
(c) Only 2 and 4 are true
(d) All statements are true

****4. Choose the correct statements -****

1. Dandi March began in 1930.
2. Indian National Congress was founded in 1885.
3. Revolutionary Lakshmibai died in 1857.

4. Batukeshwar Dutt was the leader of underground movements.

- (a) Only 1 and 2 are true
- (b) Only 2 and 3 are true
- (c) Only 1, 2, and 4 are true
- (d) All statements are true

****5. Choose the correct statements -****

- 1. Tidal bores are essential for rice production.
- 2. The Green Revolution began in the 1960s.
- 3. Urea is the major source of nitrogen fertilizer (N).
- 4. Rise-transport improves soil structure.

- (a) Only 2 and 3 are true
- (b) Only 1 and 4 are true
- (c) Only 1, 2, and 3 are true
- (d) All statements are true

****6. Choose the correct statements -****

- 1. Economy sectors—primary, secondary, and tertiary—are a traditional classification.
- 2. GST is a direct tax.
- 3. Agriculture still employs the largest share of the workforce in India.
- 4. Increasing/decreasing the reserve ratio by the central bank is a tool to control inflation.

- (a) Only 1 and 3 are true
- (b) Only 1, 3, and 4 are true
- (c) Only 2 and 4 are true
- (d) All statements are true

****7. Choose the correct statements -****

- 1. Waterlogging is a problem in canal irrigation.
- 2. Drip irrigation is a water-saving technique.
- 3. Dam construction does not cause displacement problems.
- 4. Groundwater recharge is related to rainfall and water management.

- (a) Only 1 and 2 are true
- (b) Only 2 and 4 are true
- (c) Only 1, 2, and 4 are true
- (d) All statements are true

****8. Choose the correct statements -****

- 1. Vaccination activates the immune system.

2. Antibiotics are effective in viral infections.
 3. Multi-vitamins can compensate for inadequate diet.
 4. The main source of typhoid bacteria is contaminated water and food.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 4 are true
(c) Only 1 and 2 are true
(d) All statements are true

****9. Choose the correct statements -****

1. The Governor is appointed by the Center.
 2. In India, only the Center regulates local bodies.
 3. The relationship between the Union and States is defined in the Constitution.
 4. Panchayati Raj system was strengthened by the 73rd Constitutional Amendment.
- (a) Only 1 and 3 are true
(b) Only 1, 3, and 4 are true
(c) Only 2 and 4 are true
(d) All statements are true

****10. Choose the correct statements -****

1. Mutation has no role in biodiversity.
 2. Ecosystems have both Producers and Consumers.
 3. The main cause of the ozone hole is chlorofluorocarbons (CFC).
 4. Climate change occurs only due to human activities; natural causes have no contribution.
- (a) Only 2 and 3 are true
(b) Only 1 and 4 are true
(c) Only 2, 3, and 4 are true
(d) All statements are false

****11. Choose the correct statements -****

1. NITI Aayog replaced the Planning Commission in 2015.
 2. Planning Commission was established by the Constitution.
 3. Public Distribution System (PDS) is a program linked to food security.
 4. National Rural Employment Guarantee Act (MGNREGA) is funded and implemented by the Center.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 4 are true
(d) All statements are true

****12. Choose the correct statements -****

1. Mohenjo-Daro is a major site of the Indus Valley Civilization.
 2. Ashoka adopted Dhamma (religious conversion) after the Kalinga War.
 3. After Muslim invasions, 100% religious conversion occurred in India.
 4. The Delhi Sultanate began around the 13th century.
- (a) Only 1 and 2 are true
(b) Only 1, 2, and 4 are true
(c) Only 3 is true
(d) All statements are true

****13. Choose the correct statements -****

1. Minimum Support Price (MSP) is the minimum purchase price announced by the government for crops.
 2. The cooperative movement began in India at the beginning of the 20th century.
 3. There are laws/regulations at national/state level for seed quality control.
 4. Chemical fertilizers are extensively used in organic farming.
- (a) Only 1, 2, and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 4 are true
(d) All statements are true

****14. Choose the correct statements -****

1. The Ganga originates from the glacial region of the Himalayas.
 2. Brahmaputra River flows northwest in India.
 3. Delay in monsoon affects agriculture.
 4. Cold ocean currents cool coastal areas.
- (a) Only 1 and 3 are true
(b) Only 2 and 4 are true
(c) Only 1, 3, and 4 are true
(d) All statements are true

****15. Choose the correct statements -****

1. Appointment of Supreme Court judges is done by the President on advice.
 2. No appeal is possible beyond the Supreme Court.
 3. No direct criminal case can be brought against the President's constitutional position.
 4. Parliament must follow rules for constitutional amendments.
- (a) Only 1, 2, and 4 are true

- (b) Only 1 and 4 are true
- (c) Only 3 is true
- (d) All statements are true

****16. Choose the correct statements -****

1. India is a permanent member of the United Nations.
2. India is a regular participant in G20.
3. India has played an active role in the World Trade Organization (WTO).
4. India has joined NATO membership.

- (a) Only 2 and 3 are true
- (b) Only 1 and 4 are true
- (c) Only 2, 3, and 4 are true
- (d) All statements are false

****17. Choose the correct statements -****

1. Biofertilizers help increase soil fertility.
2. Farmers may become dependent on research-developed hybrid seeds.
3. Weather-based sowing windows are important for farmers.
4. Conservation of traditional seeds maintains genetic diversity.

- (a) Only 1 and 2 are true
- (b) Only 1, 3, and 4 are true
- (c) Only 2 and 4 are true
- (d) All statements are true

****18. Choose the correct statements -****

1. Solar energy is renewable energy.
2. Coal is a fossil fuel and a source of greenhouse gas emissions.
3. Biofuel is completely carbon-neutral.
4. Energy conservation can reduce gas emissions.

- (a) Only 1, 2, and 4 are true
- (b) Only 2 and 3 are true
- (c) Only 1 and 3 are true
- (d) All statements are true

****19. Choose the correct statements -****

1. Reserve Bank of India (RBI) conducts monetary policies.
2. Cash Reserve Ratio (CRR) is the portion of bank deposits kept with the RBI.
3. Money supply is controlled only by the government, not RBI.
4. Open market operations are monetary tools.

- (a) Only 1, 2, and 4 are true

- (b) Only 2 and 3 are true
- (c) Only 1 and 3 are true
- (d) All statements are false

****20. Choose the correct statements -****

- 1. Cooperatives can help farmers reach markets.
 - 2. Crop diversification can reduce farmers' risks.
 - 3. Mandi/APMC system has always provided better prices to farmers; there are no shortcomings.
 - 4. Processing is an important part of the agricultural value chain.
- (a) Only 1 and 2 are true
 - (b) Only 1, 2, and 4 are true
 - (c) Only 3 is true
 - (d) All statements are true

****21. Choose the correct statements -****

- 1. Photosynthesis requires light, carbon dioxide, and water.
 - 2. Roots provide only food to plants; they do not provide support.
 - 3. Lotus leaves show water-repellent surfaces.
 - 4. There is a difference in water efficiency between C4 and C3 plants.
- (a) Only 1, 3, and 4 are true
 - (b) Only 2 and 4 are true
 - (c) Only 1 and 2 are true
 - (d) All statements are true

****22. Choose the correct statements -****

- 1. Micro and Small Enterprises (MSME) are a source of employment in the economy.
 - 2. The objective of Special Economic Zones (SEZ) is to promote exports.
 - 3. Foreign Direct Investment (FDI) is always harmful to domestic industries.
 - 4. Privatization can make public sector enterprises more effective, but there are risks.
- (a) Only 1 and 2 are true
 - (b) Only 1, 2, and 4 are true
 - (c) Only 3 is true
 - (d) All statements are true

****23. Choose the correct statements -****

- 1. The main plot of the Ramayana epic is based on historical truth.
- 2. The Bhakti Movement in medieval India was a means to bring social harmony.

3. Mughal period has a special influence on Indian architecture.

4. Guru Nanak was the founder of Sikhism.

- (a) Only 2, 3, and 4 are true
- (b) Only 1 and 4 are true
- (c) Only 2 and 3 are true
- (d) All statements are true

****24. Choose the correct statements -****

- 1. Public Service Commissions can make appointments at Union and state levels.
- 2. A state's Chief Minister is always appointed by the Governor.
- 3. IAS officers play a key role in secretariat administration.
- 4. Administrative accountability has no importance in the Indian administrative system.

- (a) Only 1, 2, and 3 are true
- (b) Only 1 and 4 are true
- (c) Only 2 and 4 are true
- (d) All statements are true

****25. Choose the correct statements -****

- 1. Income tax is included in direct taxes.
- 2. GST is included in indirect taxes.
- 3. Taxation is exclusively a central subject; states have no authority.
- 4. Tax evasion negatively impacts the national economy.

- (a) Only 1 and 2 are true
- (b) Only 1, 2, and 4 are true
- (c) Only 3 is true
- (d) All statements are true

****26. Choose the correct statements -****

- 1. Lateritic soil is found in tropical regions.
- 2. Alluvial soil is common in river plains.
- 3. Sandy soil is suitable for water retention capacity.
- 4. Soil acidification can be related to excessive fertilizer use.

- (a) Only 1 and 2 are true
- (b) Only 1, 2, and 4 are true
- (c) Only 3 is true
- (d) All statements are true

****27. Choose the correct statements -****

- 1. ISRO is the Indian Space Research Organisation.

2. Chandrayaan-1 was India's first lunar mission.
 3. Mangalyaan was launched in 2014.
 4. Private sector participation is not possible in the Indian space program.
- (a) Only 1, 2, and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 4 are true
(d) All statements are true

****28. Choose the correct statements -****

1. The objective of Pradhan Mantri Gram Sadak Yojana is to increase road connectivity in rural areas.
 2. Jal Jeevan Mission (JJM) focuses on ensuring rural drinking water.
 3. Smart Cities Mission is a program only for urban development of large cities.
 4. Without planned monitoring, the benefits of any scheme are guaranteed.
- (a) Only 1, 2, and 3 are true
(b) Only 1 and 4 are true
(c) Only 2 and 3 are true
(d) All statements are true

****29. Choose the correct statements -****

1. There are water-sharing agreements between India and Bangladesh.
 2. There is armed fortification on the India-Nepal border, which is still a cause of dispute.
 3. India-Sri Lanka relations are limited only to maritime trade.
 4. India-China border disputes have history from the mid-20th century.
- (a) Only 1 and 4 are true
(b) Only 2 and 3 are true
(c) Only 1, 2, and 4 are true
(d) All statements are true

****30. Choose the correct statements -****

1. Light-frame building structure is safe during earthquakes.
 2. Drought is defined only by rainfall deficiency; not by other economic causes.
 3. Tsunami is a wave that comes after coastal earthquakes.
 4. Participation of local communities is not important in disaster management.
- (a) Only 1 and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 3 are true
(d) All statements are false

****31. Choose the correct statements -****

1. Seeds, fertilizers, and irrigation are essential to increase per-hectare production.
 2. Crop rotation maintains soil fertility.
 3. Tillage is always beneficial for soil.
 4. Chemical control is the primary option under pest management (IPM).
- (a) Only 1 and 2 are true
(b) Only 1, 2, and 4 are true
(c) Only 3 is true
(d) All statements are true

****32. Choose the correct statements -****

1. Fundamental Rights and Directive Principles of State Policy are equivalent, and both have equal rights in case of conflict.
 2. The 'written' nature of the Constitution can be changed through amendments.
 3. 'Doctrine of Waiver' is included in the Constitution.
 4. Judicial review is a power of the Indian judiciary.
- (a) Only 2 and 4 are true
(b) Only 1 and 3 are true
(c) Only 1, 2, and 4 are true
(d) All statements are false

****33. Choose the correct statements -****

1. The objective of Free Trade Agreements (FTA) is to reduce customs duties.
 2. Trade deficit is always harmful to the economy.
 3. Flexible exchange rate is determined by the market.
 4. Technology transfer is possible through foreign investment (FDI).
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 4 are true
(c) Only 1 and 2 are true
(d) All statements are true

****34. Choose the correct statements -****

1. The law of conservation of energy states that energy is neither created nor destroyed.
 2. The second law of thermodynamics defines the natural flow of heat.
 3. Biomass energy is always environmentally friendly.
 4. Heat can be converted to electricity without any loss.
- (a) Only 1 and 2 are true
(b) Only 3 and 4 are true

- (c) Only 1, 2, and 3 are true
(d) All statements are false

****35. Choose the correct statements -****

1. Ajanta and Ellora caves are located in Maharashtra.
 2. Khajuraho temples are great examples of architecture.
 3. No remains of migrants' houses were found at Mohenjo-Daro site.
 4. Sati practice is culturally linked to ancient India.
- (a) Only 1 and 2 are true
(b) Only 2 and 4 are true
(c) Only 1, 2, and 4 are true
(d) All statements are true

****36. Choose the correct statements -****

1. Increase in organic matter increases soil water holding capacity.
 2. Salinity can have a negative impact on soil fertility.
 3. pH balance does not affect nutrient availability.
 4. Aquatic crops show high salt tolerance.
- (a) Only 1 and 2 are true
(b) Only 1, 2, and 4 are true
(c) Only 3 is true
(d) All statements are false

****37. Choose the correct statements -****

1. Pradhan Mantri Kisan Samman Nidhi (PM-KISAN) is an example of Direct Benefit Transfer (DBT).
 2. Pradhan Mantri Fasal Bima Yojana (PMFBY) provides coverage for losses due to natural calamities.
 3. MSP (Minimum Support Price) is defined for all crops every year.
 4. Agricultural loan waiver policy is always a long-term economic solution.
- (a) Only 1 and 2 are true
(b) Only 1, 2, and 4 are true
(c) Only 3 is true
(d) All statements are false

****38. Choose the correct statements -****

1. The 1857 Movement was against the rule of the British East India Company.
2. Mohandas Karamchand Gandhi's real surname was 'Mahatma'.
3. The main medium of the Civil Disobedience Movement was non-violence.
4. Both India and Pakistan became independent at the time of Partition.

- (a) Only 1, 3, and 4 are true
- (b) Only 1 and 2 are true
- (c) Only 2 and 4 are true
- (d) All statements are true

****39. Choose the correct statements -****

- 1. Rice-wheat cropping pattern is common in the Ganga-Yamuna plains of northern India.
 - 2. Oilseeds production is higher in Rajasthan and Gujarat.
 - 3. Major tea production occurs in the hilly areas of Assam and West Bengal.
 - 4. Wheat is a major tropical crop.
- (a) Only 1, 2, and 3 are true
 - (b) Only 2 and 4 are true
 - (c) Only 1 and 4 are true
 - (d) All statements are false

****40. Choose the correct statements -****

- 1. Voter list is prepared by the Election Commission.
 - 2. Members of the Election Commission are selected only from the judiciary.
 - 3. Voting age in India is 18 years.
 - 4. Voting in legislative elections is secret ballot.
- (a) Only 1 and 3 are true
 - (b) Only 1, 3, and 4 are true
 - (c) Only 2 and 4 are true
 - (d) All statements are true

****41. Choose the correct statements -****

- 1. Commission agents in mandis are brokers who mediate between sellers and buyers.
 - 2. e-NAM (National Agriculture Market) is an electronic trading platform.
 - 3. Futures contracts in commodity markets are only for agriculture.
 - 4. Market information influences farmers' decisions.
- (a) Only 1 and 2 are true
 - (b) Only 1, 2, and 4 are true
 - (c) Only 3 is true
 - (d) All statements are true

****42. Choose the correct statements -****

- 1. Nitrogen-fixing bacteria provide nitrogen in the soil.
- 2. Fungi are only harmful; they have no utility.

3. Biocontrol agents control pests naturally.
 4. Development of pest-resistant varieties can be done genetically.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are false

****43. Choose the correct statements -****

1. Qutub Minar is located in Delhi.
 2. Taj Mahal is on the banks of Yamuna in Agra.
 3. The architectural style of Buddhist stupas is related to the Mauryan period.
 4. Mughal influence is not seen in South Indian architecture.
- (a) Only 1, 2, and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 4 are true
(d) All statements are true

****44. Choose the correct statements -****

1. Global warming contributes to sea level rise.
 2. Melting of glaciers will only decrease river flow; no possibility of increase.
 3. Climate change can have a negative impact on biodiversity.
 4. Planting trees is a practical measure to reduce carbon footprint.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 4 are true
(c) Only 1 and 2 are true
(d) All statements are true

****45. Choose the correct statements -****

1. Agrarian reforms have been linked to land reforms.
 2. Agro-industry linkages are important in rural development.
 3. Agro-industrialization leads to reduction in employment.
 4. Processing industries can help increase farmers' income.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are true

****46. Choose the correct statements -****

1. Wind energy is renewable.
2. Hydro-power is always environmentally friendly (no adverse impacts).

3. Management of radioactivity is necessary in nuclear energy.
4. Energy storage (batteries) is important for renewable energy.
(a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are true

****47. Choose the correct statements -****

1. Land use planning can lead to production increase.
2. Urbanization puts pressure on agricultural land.
3. Building reservoirs/dams everywhere is the best solution.
4. Contour ploughing helps reduce erosion.
(a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are true

****48. Indian Constitution—Rights and Duties:****

1. Freedom of expression is a fundamental right.
2. Fundamental duties are binding only on citizens; not on the government.
3. Economic state principles are enshrined in the Constitution.
4. Fundamental rights cannot be removed at any time without amendment.
(a) Only 1 and 3 are true
(b) Only 1, 2, and 4 are true
(c) Only 2 and 3 are true
(d) All statements are false

****49. Related to Public Health and Nutrition:****

1. Deficiency of Vitamin-A causes night blindness.
2. Iron deficiency causes anemia.
3. Vaccination is not necessary for preventive health.
4. Women's empowerment contributes significantly to nutritional security.
(a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are true

****50. Choose the correct statements -****

1. GMO crops involve genetic modification.
2. Cloning is limited only to animals and wildlife; not in plants.

3. DNA sequencing can identify genetic differences.
 4. CRISPR technology is a modern method of gene editing.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are false

****51. Choose the correct statements -****

1. The Indian Constituent Assembly adopted the Constitution on 26 November 1949.
 2. India became a Republic on 26 January 1950.
 3. The Indian Planning Commission was established in 1950.
 4. India joined the United Nations in 1945.
- (a) Only 1, 2, and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 4 are true
(d) All statements are true

****52. Choose the correct statements -****

1. Mulching helps maintain moisture in the soil.
 2. Rotary tiller increases simultaneous oxygenation in the soil.
 3. Sustainable agriculture suggests maximum use of chemical fertilizers.
 4. Feed quality is important for poultry and dairy production.
- (a) Only 1 and 4 are true
(b) Only 1, 2, and 4 are true
(c) Only 3 is true
(d) All statements are true

****53. Choose the correct statements -****

1. Fish farming along India's coastline is economically important.
 2. Coral reefs contribute to marine biodiversity.
 3. Participation of local communities is unnecessary in marine resource management.
 4. The main source of marine pollution is not ports but agricultural fertilizers as well.
- (a) Only 1 and 2 are true
(b) Only 1, 2, and 4 are true
(c) Only 3 is true
(d) All statements are false

****54. Choose the correct statements -****

1. Reservation policies are determined only by the Center; states have no authority.
 2. Institutions like Lokpal/Lokayukta play a role in grievance redressal.
 3. Financial dependence affects states in the federal system.
 4. President's assent to state assembly decisions is mandatory.
- (a) Only 2 and 3 are true
(b) Only 1 and 4 are true
(c) Only 2, 3, and 4 are true
(d) All statements are false

****55. Choose the correct statements -****

1. Regional Rural Banks aim to provide rural financial services.
 2. Rural banking provides only agricultural loans; no other services.
 3. Self-Help Groups (SHG) for women are important in rural banking.
 4. Financial inclusion is a goal of rural development.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 4 are true
(c) Only 1 and 2 are true
(d) All statements are true

****56. Choose the correct statements -****

1. El Niño affects the monsoon.
 2. Western disturbances bring rainfall to North India during winter.
 3. Rotation of winds is linked to the Coriolis effect.
 4. Only human activities affect rainfall patterns.
- (a) Only 1, 2, and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 4 are true
(d) All statements are false

****57. Agriculture Policy and International Issues:****

1. WTO rules impact agriculture.
 2. Providing subsidies on agricultural produce is never considered against international trade.
 3. Balancing food security and trade rights is a challenge.
 4. Local grain storage policies can be influenced by international rules.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true

(d) All statements are false

****58. Choose the correct statements -****

1. During British rule, Indian agriculture became export-oriented.
2. Expansion of railways promoted industrialization.
3. Decline of rural cottage industries was only due to technological reasons.
4. Land revenue policies impacted the local economy.

- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are true

****59. Choose the correct statements -****

1. National Health Policy (NHP) provides guidelines for health services.
2. Primary Health Centers (PHC) are the primary link in rural health.
3. Public health is only the government's responsibility; community has no contribution.
4. Vaccination programs are a major part of community disease control.

- (a) Only 1, 2, and 4 are true
(b) Only 2 and 3 are true
(c) Only 3 is true
(d) All statements are false

****60. Choose the correct statements -****

1. Canal irrigation has more water loss compared to pipeline irrigation.
2. Sprinkler irrigation is an even water distribution technique.
3. Flood irrigation is the most effective for all crops.
4. The objective of water conservation techniques is to increase groundwater recharge.

- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are true

****61. Choose the correct statements -****

1. India has major reserves of iron ore.
2. Coal is a major source in India's energy production.
3. Natural gas is found only in marine areas.
4. Mineral resources are evenly distributed across states.

- (a) Only 1 and 2 are true

- (b) Only 1, 2, and 4 are true
- (c) Only 3 is true
- (d) All statements are false

****62. Choose the correct statements -****

1. District administration is responsible for development projects at the sub-division level.
2. Centrally sponsored schemes involve contribution from both Center and states.
3. There is no difference in functions between Planning Commission and NITI Aayog.
4. Social security schemes are provided only by the Center; no state participation.

- (a) Only 1 and 2 are true
- (b) Only 2 and 3 are true
- (c) Only 3 and 4 are true
- (d) All statements are false

****63. Choose the correct statements -****

1. In NPK fertilizers, N means Nitrogen.
2. Phosphorus (P) helps in root development of plants.
3. Potassium (K) contributes to disease resistance in plants.
4. All plants require NPK in the same ratio.

- (a) Only 1, 2, and 3 are true
- (b) Only 4 is true
- (c) Only 2 and 3 are true
- (d) All statements are false

****64. Choose the correct statements -****

1. GDP is a measure of overall production.
2. Real GDP is the value after adjustment for prices.
3. Gross Domestic Product (GDP) and Gross National Product (GNP) are sometimes the same, sometimes different.
4. Level of foreign debt does not affect economic stability.

- (a) Only 1, 2, and 3 are true
- (b) Only 4 is true
- (c) Only 1 and 4 are true
- (d) All statements are false

****65. Choose the correct statements -****

1. Structural diseases hinder plant growth.

2. Resistant varieties help prevent diseases.
 3. Chemical sprays always provide long-term solutions; no negative effects.
 4. Field-level sanitation is effective in disease control.
- (a) Only 1 and 2 are true
(b) Only 2 and 4 are true
(c) Only 3 is true
(d) All statements are true

****66. Choose the correct statements -****

1. World War I occurred between 1914–1918.
 2. The 1917 Russian Revolution influenced revolutionary activities in India.
 3. Nehru and Patel were major leaders during the freedom struggle.
 4. World War II occurred between 1918–1922.
- (a) Only 1, 2, and 3 are true
(b) Only 4 is true
(c) Only 2 and 4 are true
(d) All statements are false

****67. Choose the correct statements -****

1. Coordination at state and central levels is necessary in river basin management.
 2. Dust storms occur only in desert areas.
 3. Deforestation affects ecological balance.
 4. Biodiversity hotspots are only in tropical regions.
- (a) Only 1 and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 3 are true
(d) All statements are false

****68. Choose the correct statements -****

1. Urea is a major source of nitrogen.
 2. Phosphatic fertilizers provide phosphorus.
 3. The major mineral for potassium is 'potash'.
 4. All fertilizers have the same effect on all soil types.
- (a) Only 1, 2, and 3 are true
(b) Only 4 is true
(c) Only 1 and 4 are true
(d) All statements are false

****69. Choose the correct statements -****

1. Atal Pension Yojana (APY) is a social security initiative for old age.
 2. Jan Dhan Yojana (PMJDY) was started to increase financial inclusion.
 3. Financial inclusion is possible only through banking system; other means are not useful.
 4. Reservation policies for disabled persons are applicable in some government schemes.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are false

****70. Choose the correct statements -****

1. The main source of air pollution is industrial gases and vehicle emissions.
 2. Industrial waste is a significant cause of water pollution.
 3. Noise standard is not linked to public health.
 4. Monitoring and punitive provisions contribute to pollution control.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are false

****71. Choose the correct statements -****

1. Price is important for increasing farmers' income.
 2. Market price of agricultural varieties depends only on international demand.
 3. Value addition can increase farmers' income.
 4. Agricultural insurance schemes help in risk management.
- (a) Only 1, 3, and 4 are true
(b) Only 2 is true
(c) Only 1 and 2 are true
(d) All statements are true

****72. Choose the correct statements -****

1. Dr. B.R. Ambedkar is considered the chief architect of the Constitution.
 2. Pandit Jawaharlal Nehru was the Chairman of the Constituent Assembly.
 3. Dr. Rajendra Prasad became the first Chairman of the Constituent Assembly.
 4. The Constitution was written only in English.
- (a) Only 1 and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 2 are true
(d) All statements are false

****73. Choose the correct statements -****

1. Population density is calculated as population/area of a region.
 2. Urbanization puts pressure on employment and services.
 3. Urban-rural balance can only be achieved through economic policies; cultural factors have no impact.
 4. The decline in population growth rate is only due to the spread of education.
- (a) Only 1 and 2 are true
(b) Only 3 and 4 are true
(c) Only 1, 2, and 4 are true
(d) All statements are false

****74. Choose the correct statements -****

1. Bacteria-based pesticides (biopesticides) can be an environmentally friendly alternative to chemical options.
 2. GMO technology in crops can create resistance.
 3. Biosafety protocols are not relevant in agriculture.
 4. Increasing yield through organic methods can reduce pollution.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are false

****75. Choose the correct statements -****

1. Direct taxes can be part of a progressive tax system.
 2. Indirect taxes place more burden on consumers.
 3. GST not only eliminates tax exemptions but also increases ease of doing business.
 4. Tax rates are determined only by economic reasons; political influence has no role.
- (a) Only 1, 2, and 3 are true
(b) Only 4 is true
(c) Only 2 and 4 are true
(d) All statements are false

****76. Choose the correct statements -****

1. Sanctuaries and reserves are needed for biodiversity conservation.
2. Conservation never benefits the local economy.
3. Genetic diversity is essential for long-term food security.
4. Deforestation can cause ecological imbalance.

- (a) Only 1, 3, and 4 are true
- (b) Only 2 is true
- (c) Only 1 and 2 are true
- (d) All statements are false

****77. Choose the correct statements -****

- 1. Rainfed farming has greater dependence on weather.
 - 2. Productivity is generally higher in irrigated farming.
 - 3. Irrigated farming always provides sustainable environmental benefits; no negative aspects.
 - 4. Water management techniques can increase productivity in rainfed farming.
- (a) Only 1 and 2 are true
 - (b) Only 1, 2, and 4 are true
 - (c) Only 3 is true
 - (d) All statements are true

****78. Choose the correct statements -****

- 1. Major Civil Disobedience movements were in the 1930s.
 - 2. Congress adopted different strategies in different phases.
 - 3. Azad Hind Fauj (INA) was an armed force against British rule in India.
 - 4. Only peaceful movements were sufficient for India's independence; violent movements had no contribution.
- (a) Only 1, 2, and 3 are true
 - (b) Only 4 is true
 - (c) Only 2 and 4 are true
 - (d) All statements are false

****79. Choose the correct statements -****

- 1. Kharif crops are grown during the monsoon season.
 - 2. Rabi crops are sown in winter.
 - 3. High rainfall is beneficial for rabi crops.
 - 4. Crop rotation maintains balance of soil nutrients.
- (a) Only 1, 2, and 4 are true
 - (b) Only 3 and 4 are true
 - (c) Only 1 and 3 are true
 - (d) All statements are true

****80. Choose the correct statements -****

- 1. Citizenship Act is enacted by Parliament.

2. Means of acquiring citizenship include birth (jus soli) and descent (jus sanguinis).
 3. Any state can make citizenship laws independently; parliamentary approval is not required.
 4. Citizenship laws can be amended from time to time.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are false

****81. Choose the correct statements -****

1. Cooperatives have played a role in milk production (e.g., AMUL).
 2. Control of farmers' markets is always fully in the hands of farmers.
 3. Women farmers often have limited access to inputs and markets.
 4. Land distribution policies can affect rural inequality.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are true

****82. Choose the correct statements -****

1. Internet is an example of a wide area network (WAN).
 2. Data privacy is only an individual's concern; not institutions'.
 3. Digital payment systems can help in economic inclusion.
 4. Cyber security is limited only to technical problems; policy has no role.
- (a) Only 1 and 3 are true
(b) Only 2 and 4 are true
(c) Only 1 and 3 are true
(d) All statements are false

****83. Choose the correct statements -****

1. Lack of urban green spaces increases urban heat.
 2. Regulation of coastal development is necessary for marine ecology.
 3. Man-made lakes never provide ecological benefits equivalent to natural lakes.
 4. Public transport is a key component in sustainable urban planning.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are false

****84. Choose the correct statements -****

1. Industrial Revolution impacted handicraft industries.
 2. Technological progress brought changes in employment structure.
 3. Industrialization did not promote urbanization.
 4. Development of labor laws was a result of industrial society.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are false

****85. Choose the correct statements -****

1. High-yielding varieties (HYV) have increased production.
 2. Seed certification ensures quality.
 3. All seeds except traditional ones are genetically unsafe.
 4. Seed storage methods can affect yield.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are false

****86. Choose the correct statements -****

1. Demand curve has a downward slope.
 2. Stability of supply depends only on production costs.
 3. Government intervention can correct market failures.
 4. In perfect competition, price determination is by the market; no single agent can set prices.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are false

****87. Choose the correct statements -****

1. Seed banks preserve genetic diversity.
 2. Tissue culture is useful for rapid propagation of plants.
 3. Gene-editing is never useful for food security.
 4. Biotechnology contributes to agricultural research.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 1 and 3 are true
(d) All statements are false

****88. Choose the correct statements -****

1. Landslides occur more in hilly areas.
 2. Forest development has no role in erosion control.
 3. Early warning systems are essential for effective life-saving in disasters.
 4. Rehabilitation policy is linked to social security of affected people.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are false

****89. Indian Economic Policies After Independence:****

1. Planned development was adopted in the Indian economy after independence.
 2. Public sector enterprises were prioritized in the 1950s-60s.
 3. Liberalization brought major economic reforms in 1991.
 4. After 1991, India adopted more export-controlled policies.
- (a) Only 1, 2, and 3 are true
(b) Only 4 is true
(c) Only 2 and 4 are true
(d) All statements are true

****90. Choose the correct statements -****

1. Drip irrigation saves water.
 2. Precision farming requires time and investment.
 3. Applying the same technology in every field is not always economically feasible.
 4. Simply adopting technology guarantees immediate agricultural enhancement.
- (a) Only 1, 2, and 3 are true
(b) Only 4 is true
(c) Only 2 and 4 are true
(d) All statements are false

****91. Choose the correct statements -****

1. Habeas corpus right is provided by the judiciary.
 2. Habeas corpus can only be used by political parties; not common citizens.
 3. Amendments in criminal laws can be made by Parliament.
 4. Judiciary's role in protecting human rights is constitutional.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true

(d) All statements are false

****92. Choose the correct statements -****

1. Sand filtration is a traditional method of urban water purification.
2. Reverse Osmosis (RO) always completely removes all types of pollution.
3. Source protection is important for drinking water safety.
4. Microbial pollution can be controlled by chlorination.

- (a) Only 1, 3, and 4 are true
(b) Only 2 is true
(c) Only 1 and 2 are true
(d) All statements are false

****93. Choose the correct statements -****

1. Road network helps in economic connectivity.
2. Port hubs are important for international trade.
3. Rail transport has never been economically useful.
4. Reducing logistics costs increases productivity.

- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are false

****94. Choose the correct statements -****

1. Bhakti Movement was a source of many Indian languages and folk traditions.
2. Guru Nanak founded Sikhism.
3. Saraswati River is still a major river in India today.
4. Social reformers like Raja Ram Mohan Roy were active in the 19th century.

- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are true

****95. Agriculture Marketing and Value Chain:****

1. Processing increases product shelf life.
2. Cold chain reduces losses.
3. Access to markets is possible only through official mandis.
4. Organized marketing automatically solves small farmers' problems.

- (a) Only 1 and 2 are true
(b) Only 3 and 4 are true
(c) Only 1, 2, and 4 are true

(d) All statements are false

****96. Choose the correct statements -****

1. Energy efficiency standards reduce consumer bills.
 2. Policies on renewable energy are based only on technical interests; no economic aspects.
 3. Smart grid systems make energy distribution efficient.
 4. Energy efficiency can reduce carbon emissions.
- (a) Only 1, 3, and 4 are true
(b) Only 2 is true
(c) Only 1 and 2 are true
(d) All statements are false

****97. Choose the correct statements -****

1. Industrial Revolution changed the nature of world trade.
 2. Colonialism affected global power balance.
 3. Cold War had no impact on the world political structure.
 4. Globalization increased trade and information flow.
- (a) Only 1, 2, and 4 are true
(b) Only 3 is true
(c) Only 2 and 3 are true
(d) All statements are true

98. Choose the correct statements -

1. The objective of agricultural extension is to reach latest technology to farmers.
 2. Agricultural education should be limited only to agricultural universities; farmer training is unnecessary.
 3. Farmers find training more effective in regional languages.
 4. Agricultural extension is a medium for technology transfer.
- (a) Only 1, 3, and 4 are true
(b) Only 2 and 3 are true
(c) Only 1 and 2 are true
(d) All statements are false

99. Choose the correct statements -

1. Soil temperature affects plant germination rate.
2. Excessive temperature reduces production in some crops.
3. Climate change has no impact on pest prevalence.
4. Drought can be predicted in advance, and preventive preparations can be made.

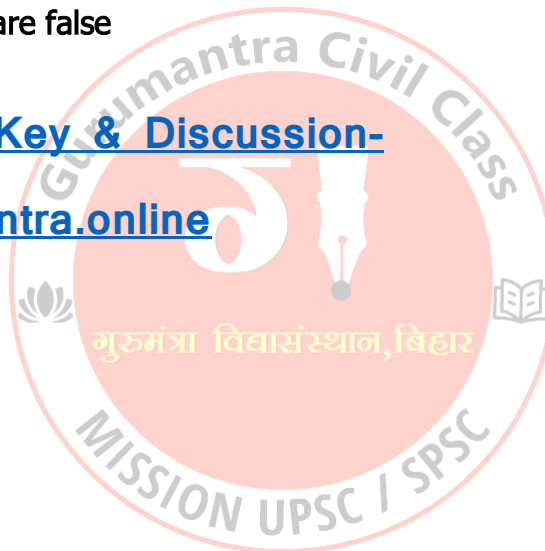

- (a) Only 1, 2, and 4 are true
- (b) Only 3 is true
- (c) Only 1 and 3 are true
- (d) All statements are false

100. Choose the correct statements -

- 1. Digital India initiative aims to increase digital services and connectivity.
 - 2. Climate Summit (COP) sets international climate policies.
 - 3. Global banking systems depend only on national policies; multilateral institutions have no role.
 - 4. Coordination of technology and policy can solve contemporary challenges.
- (a) Only 1, 2, and 4 are true
 - (b) Only 3 is true
 - (c) Only 1 and 3 are true
 - (d) All statements are false
